Since the early 1900's...

Alberta's plumbers, pipefitters, steamfitters, gasfitters and mechanical contractors have utilized the united voice, programs, information service and social network of the **Mechanical Contractors Association of Alberta (MCAA)**.

MCAA provides value for its members by...

- identifying and mitigating issues that affect the industry
- promoting professionalism and fostering member viability
- development and delivery of high-quality member information
- providing a competitive group health insurance plan
- facilitating member benefit programs and services
- providing opportunities for social and professional networking

Invest in the good health and prosperity of your business and employees.
Join the **MCAA Group Health Benefits Plan** today.
