ELIMINATE WORK STOPPAGES

REVEAL THE TRUE VALUE OF SAFETY

INVEST IN YOUR REPUTATION

ELIMINATE WORK STOPPAGES

- SafetyTek enforces your safety policy for you, ensuring your safety forms are filled out on time and that worker behavior is altered.
- This significantly impacts project performance because safety is completed before starting work and retained as top of mind while performing work.
- A work stoppage has a ripple effect that runs into every area of your business costing you potentially millions of dollars in indirect costs.

REVEAL THE TRUE VALUE OF SAFETY

- Investing in safety as a core business strategy is proven to boost employee morale and productivity
- When safety is effectively enforced, \$8 is saved for every \$1 invested
- Most companies have a safety plan but do not know how to enforce it. SafetyTek provides the most effective enforcement, automatically

INVEST IN YOUR REPUTATION

- An organizations reputation holds significant value in generating revenue. Brand equity enhances client loyalty by becoming the first choice for new work
- Reputational capital can be leveraged to create value in your clients eyes and often leads to repeat business
- Companies with a reputation for safety are more productive and can attract top talent to their team
